The Genevive Mission is to:

- Improve the quality of care for the frail elderly
- Improve the financial performance of the care of the frail elderly and
- Improve the professionalism of the care for the frail elderly

Responsibilities:

We are currently searching for a full-time Registered Nurses or Licensed Social Workers to work with growing geriatric MSHO member population. The position is responsible for assessing the medical and social needs of these members in their homes and ensuring they receive all the necessary care and services they require. They will work within the regulations set forth by DHS and Health plans for the MSHO program. Assessments are completed twice yearly and include creation and implementation of plans of care. You will interface with physicians, providers, and county financial entities to discuss the care plan and provide updates on progress and change.

Requirements:

Must be a Registered Nurse or Licensed Social Worker and have at least 1 year of experience in home and community based services. (Examples: home care, hospice, assisted living, or discharge planning in a nursing home)

Experience:

- Experience working with seniors or those who have disability is preferred.
- Comfortable working with diverse, low income populations
- Knowledge of Medicare, Medical Assistance, and Federal Waiver programs
- Strong computer skills with specific knowledge of Microsoft Office programs preferred
