

Genevive

Angela Farrington, APRN, CNP

I am very excited to be apart of the Lyngblomsten Lino Lakes team. I have been a provider at the Lyngblomsten Como location for nearly 25 years and I am looking forward to expanding to this location. As your primary medical provider I can promise exceptional individualized care and coordination of your medical needs. In this ever changing world of medicine it is important to take each individuals needs and goals as the foundation on how to provide the best medical care possible. Communication is essential and my legacy has always been to be very accessible and reliable.

I have significant experience in all areas of geriatric medicine including but not limited to diabetes, heart failure, arthritis, chronic pain, acute infections, chronic illness and end of life care.

In addition to being a nurse practitioner for 25 years I have held other roles in nursing/medicine including leadership, online telehealth visits, teaching at Bethel University and preceptor for several NP students.

- Board Certifications / Re-certifications: American Academy of Nurse Practitioners Certified Geriatric Nurse Practitioner
