

# Genevive

To help emerging providers and clinicians grow their skills, precepting opportunities are available for Resident Doctors, Nurse practitioners, and Physician Associates. We also offer shadowing experiences on a case-by-case basis.

Genevive only accepts students from schools that have a Clinical Experience Agreement between the Academic Affiliation and Genevive.

1. To initiate this process, submit the below information to [ruby.schoen@genevive.org](mailto:ruby.schoen@genevive.org)
  - Student Degree
  - Clinical start date
  - Expected clinical end date
  - Hours requesting
  - Academic Institution
  - Academic coordinator's contact name and email
2. Genevive will launch the agreement process with your school. This process may take several weeks to complete.
3. You will be updated if clinical experience is established.
