

Genevive

Joy Laansma, APRN, CNP

It is my privilege to serve the geriatric population by recognizing a patient's uniqueness and developing a mutual balance of care goals. My mission is to provide compassionate valued care that advocates, protects, promotes, and optimizes health and comfort.

- Board Certifications / Re-certifications: American Nurses Credentialing Center Certified Gerontological Nurse Practitioner, Basic Life Support

Brian Dixon, MD

If primary care doctors are the "people doctors," then seniors are by far my favorite people. Getting to know my patients and their families is something I value highly. Guiding them through the decisions and complexities that arise in their health care is also highly rewarding. It is at Genevive, helping the frailest of these patients manage chronic disease, acute illness and end-of-life transitions, where I believe a physician can have the greatest impact in primary care.

- Board Certifications / Re-certifications: Diplomate, American Board of Internal Medicine
- Professional Interests: Atrial Fibrillation, Congestive Heart Failure, Advanced Care Planning, End of Life Care
- Education: Internal Medicine Residency, Hennepin County Medical Center, Minneapolis, MN, Doctor of Medicine, University of Minnesota Medical School (Twin Cities)
