

Genevive

Lois Sipprell APRN, CNP

I provide care for older adults in the comfort of their homes, through examinations and assessments, treatment plans, and education about wellness, disease prevention and chronic disease management. I have extensive experience in primary care management for older adults with complex and chronic medical conditions and additional expertise in geriatric health care and total care management in a variety of settings that have further prepared me for this role.

Board Certifications / Re-certifications: American Academy of Nurse Practitioners, Adult Nurse Practitioner

Professional Interests: Geriatrics, Palliative Care, Advanced Care Planning, Dementia

Education: Master of Science in Nursing and Nurse Practitioner from St. Catherine University, St. Paul, Minnesota., Bachelor of Science in Nursing, University of North Dakota

Sandra Turbes, MD

I feel fortunate to have found the opportunity to provide quality care to elders at Genevive. Those in our care have reached a point of becoming more medically vulnerable, but they have survived a lot. I value taking the time to get to know each patient's story both medically and personally. My goal is to optimize every patient's care based on their individual health conditions, values, and needs. I strive to explain things in ways that patients and family members can understand, so that together, we can balance the benefits and risks of various options in treatment plans and overall care. What I love about my work is relationships - my relationships with patients and families, patients' connections with the important people in their lives, collaborative relationships in both long term care settings and home-based care, and the positive, collegial relationships at Genevive.
