

Renee Doering, APRN, CNP

I really enjoy my work and working with older adults. I love hearing all the life stories, and working in a team environment like the nursing home. It is a privilege getting to know residents and their families, and I've taken care of a lot of people from the same families over the years. Sometimes I get to work with residents and their families for decades, other times just weeks. Either way I try to help them along their journey, and get to know what is important to them.

- Board Certifications / Re-certifications: American Nursing Certification Center Board Certified Geriatric Nurse Practitioner, 1997

- Education: Masters of Science in Nursing, University of Minnesota, Twin Cities, 1997, Bachelor of Arts in Nursing, Luther College, 1992

Brad Langley, MD

After 36 years of practicing full spectrum family medicine, I am excited to focus now on geriatric medicine here at Genevive. As I watched my own parents on their journey to end of life, then saw my in-laws struggle with age, the complexities of aging took on a more personal meaning. As a part of Genevive, I am pleased to work with a remarkable collaboration of providers. May the truly good work done here be experienced as love made visible.
