

Jennifer Voss, APRN, CNP

I am very excited to be part of the Genevive team serving our community. My background is in geriatric nursing and skilled nursing facility management. I am fortunate to bring that experience to my patients to help them lead healthier, more fulfilling lives. It is my honor to advocate and collaborate with those I serve and their families to bring high quality healthcare to them wherever they are - be it in a facility or their home.

Susan Rossi, MD

While I enjoy managing patients with complicated medical issues, I believe my true superpower is kindness. I look forward to working with patients and their families, whether it's to rehabilitate them back to their prior living situation, or simply to help them with love and comfort through the evening of their lives.
