

## Krista Naber, APRN, CNP

I have been a nurse practitioner in geriatrics for 15 years. I love the work that I am privileged to do each and every day. Geriatrics was easy for me to choose. I used to walk to the nursing home in my hometown as a kid to visit all of my “adopted grandparents” and enjoyed spending a lot of quality time with my Grandma as she grew older. The thing I like most about my job is not only getting to know my patients, but getting to know their families as well. I enjoy feeling part of their lives, even if briefly. I enjoy the communication and contact with staff and caregivers alike. I feel we all need the most care when beginning life and again as we prepare for our final journey.

- Board Certifications / Re-certifications: American Nursing Credentialing Center Certified Gerontological Nurse Practitioner
- Professional Interests: Dementia/Alzheimer’s Disease, Neuromuscular Disorder
- Education: Masters of Art in Nursing, College of St. Catherine

## Susan Rossi, MD

While I enjoy managing patients with complicated medical issues, I believe my true superpower is kindness. I look forward to working with patients and their families, whether it's to rehabilitate them back to their prior living situation, or simply to help them with love and comfort through the evening of their lives.

Board Certifications / Re-certifications: Family medicine

Professional Interests: Pharmacology, particularly deprescribing and simplifying medication regimens. Women's health/ menopause management and sports medicine

Education: Doctor of Medicine, University of Minnesota, Doctor of Pharmacy, University of Minnesota
