

# Genevive

## Abigail Hartin, DNP, APRN-CNP

I have been a nurse practitioner since 2018, with both clinic and hospital experience, working mainly with cardiology and heart failure patients. Prior to starting my career at Genevive I worked as an RN for 14 years with cardiac and transplant patients.

I enjoy working with the older population as I love hearing about their lives. I appreciate being able to bring care to them to meet their needs. I aim to be a partner in their health and supporter of their care goals. It is rewarding for me to build meaningful relationships with people and their loved ones through compassion and communication.

- Board Certifications / Re-certifications: American Academy of Nurse Practitioners, Certified Family Nurse Practitioner
- Professional Interests: Cardiology and Heart Failure
- Education: Doctor of Nursing Practice, Metropolitan State University, Bachelor of Science in Nursing, St Catherine University

## Elizabeth Fairbairn, MD

My role is to help my patients live their best life by preventing disease when able, alleviating symptoms that affect their quality of life, and working to understand their individualized goals and values to guide their care. I have knowledge in managing chronic diseases, co-morbidities, and complex patients in both the acute and chronic settings. I use my own experience as a patient and a family member to guide my work with patients and their families.

- Board Certifications: American Board of Internal Medicine
- Professional Interests: Empowering families and patients to participate in the goals of care, value based care, quality improvement, and advocacy for healthier communities
- Education: University of Minnesota Medical School, University of Minnesota, Internal Medicine Residency
