Jamie Inhoff, APRN, CNP

I am passionate about geriatric care; it is where I have spent my entire nursing career. I started as a floor nurse in a nursing home, then a nurse manager, and finally a certified nurse practitioner. I believe my purpose is to help guide older adults through their healthcare journey to reach their fullest potential. I feel privileged to be a part of their journey.

Brad Langley, MD

After 36 years of practicing full spectrum family medicine, I am excited to focus now on geriatric medicine here at Genevive. As I watched my own parents on their journey to end of life, then saw my in-laws struggle with age, the complexities of aging took on a more personal meaning. As a part of Genevive, I am pleased to work with a remarkable collaboration of providers. May the truly good work done here be experienced as love made visible.
