Genevive

## Alison Romstad, DNP, APRN, CNP

I knew I had a calling to work with elderly patients since childhood. I believe in the power of on-site, team based, geriatric care. I am passionate about treating patients in their homes and working directly with care givers to improve geriatric patient care. I have expertise in caring for patients across the care continuum: independent living, assisted living, transitional care units, and long-term care. It is a privilege to care for my patients and being a part of their care journey.
