Genevive

Eva Wilson DNP, APRN, CNP

I started my healthcare journey as a CNA 20 years ago working in different healthcare settings including nursing homes and hospitals. My interest in going back to school and becoming a Nurse Practitioner was motivated by my personal experience during my father's transition.

Dedicated to lifelong learning and patient-centered care, I am passionate about providing holistic, compassionate, individual-focused care and education to patients and their families. I strive to provide high-quality care to all my patients. I love creating a bond with my patients and their families.

- Board Certifications / Re-certifications: American Academy of Nurse Practitioners, Certified Adult-Gerontology Primary Care Nurse Practitioner (AGNP)
- Professional Interests: Palliative Care, End of life care
- Education: Doctor of Nursing Practice, St. Catherine University, Bachelor of Science in Nursing, Bethel University

Sarah Maier, MD

I love Genevive's focus on person-centered care in which a patient's values and goals shape the team's clinical care plan. While I provide information to patients about the latest evidence-based guidelines, my goal is to make sure that every patient and their family feels cared for, heard, empowered and supported in fulfilling their personal vision for the next stage of their lives.

Guided by the belief that excellent health care is a basic human right, I have concentrated my 20+ year career in family medicine on populations whose voices have historically gone unheard or been neglected, including seniors from a wide range of cultural backgrounds, and I'm grateful to be able to continue that work here.

- Professional Interests: complex medical care; challenging/undiagnosed diseases; cultural and social impacts on health and wellness
- Education: Fellowship: Family Systems/Mental Health and Community Medicine, Ramsey Family Physicians. Residency: Smiley's Clinic, University of Minnesota Department of Family and Community Medicine. Undergraduate: Carleton College
