

Amy Foster
APRN, CNP

About I have always loved working with the geriatric population. Working at Genevive allows me to provide personalized care to older adults and their families. As part of the primary care team, I can provide care at the nursing facility allowing patients to receive care at their home where they are comfortable.

Credentials Board Certifications or Re-certifications:

American Nurses Credentialing Center Certified Family Nurse Practitioner **Professional Interests:** Dementia | Advanced Care Planning **Education:** Masters of Science in Nursing, Minnesota State University, Mankato, MN | Bachelor of Science in Nursing, Saginaw Valley State University, Saginaw, MI

Cynthia Carlson,
MD

About I worked in acute care family medicine for 31 years. Over time, I became aware of the complexity of caring for seniors and their special needs, which could not be met with the hectic pace and difficult patient experience of acute care.

Geriatric medicine in a nursing home setting allows me to meet these special needs with empathy and compassion. I am a good listener and nursing home medicine gives me time to get to know my patients and their families.

Credentials Board Certifications or Re-certifications:

American Board of Family Medicine | Member of American Academy of Family Physicians **Professional Interests:** Health and wellness promotion | Geriatric medicine | Chronic disease management | Preventative care | Communication | The art of medicine **Education:** Family Medicine Residency, North Memorial | University of Minnesota Doctor of Medicine, University of Minnesota | Twin Cities Bachelor of Arts, Bryn Mawr College - Philosophy
