Genevive

Ashley Kumar
DNP, APRN, CNP

About

My passion for working with the geriatric community began in childhood when I'd accompany my mother, a CNA, to work, playing board games with older adults and listening to stories about their lives and travels. With eight years of experience in geriatrics and three years in Med/Surg, I'm honored to continue building meaningful connections and gaining insight into my patients' lives.

My experience includes Assisted Living, TCU, Long-Term Care, and inpatient acute care. I'm passionate about providing safe, compassionate, evidence-based care while keeping my patients' goals and values at the center of my decisions. It is an honor and privilege to be part of the Genevive team serving the geriatric population in the Twin Cities.
